

FEUTAPE FX 50

Technical Data Sheet | Feukem India Pvt Ltd

Description: FEUTAPE is the Ceramic Gaskets that has excellent flexibility and is suitable to be used for fire rated ducts. It is flexible, durable & easy to use and proven excellent for preventing condensation problems & Energy saving. It is tested for 120 minutes fire resistance under standard fire conditions (ISO 834)

Advantages:

- Excellent for preventing smoke & fire penetration in fire rated ducting system
- Fire safe up to 1050 Deg Cel for 120 minutes
- Flexible insulation foam tape
- Prevents fire & smoke ingress inside the ducts
- Flexible, durable & easy to use

Technical Specification:

Properties	Unit	Test Method	Values
Density	Kg/m ³	ASTM D 1667	96 +/- 20 %
Thickness	mm	ASTM D 3652	3 mm +/- 0.5mm
Tensile Strength	gms	ASTM D 3759	3800/25.4 mm
Elongation at break	-	ASTM D 3579	155 %
Temperature range	Deg Cel	-	- 40 to 1050 Deg Cel
